OVER THE YEARS

Commentaries based on cataloging over 300 sales and collecting since 1928.

The ceremonies on the evening of December 9th, held in conjunction with the opening of the Old San Francisco Mint as a museum on its One Hundreth Anniversary were indeed impressive. From the film to the cutting of the birthday cake, events moved smoothly. In addition to the exhibits in the hall, many rooms had their own special presentations. The coining process was well laid out and we even tried our hand at striking medals there. The thick granite walls explained why the building was able to survive the earthquake of 1906.

Naturally, the place that attracted our greatest attention was the room containing the exhibit of the CLIFFORD-KAGIN COLLECTION of PIONEER & TERRITORIAL GOLD (the largest and finest collection in existence). The specially built cases for the display of the collection reflect the time and attention given to the project by the curator of the Mint. Many of those viewing the collection expressed their interest by the length of time spent there.

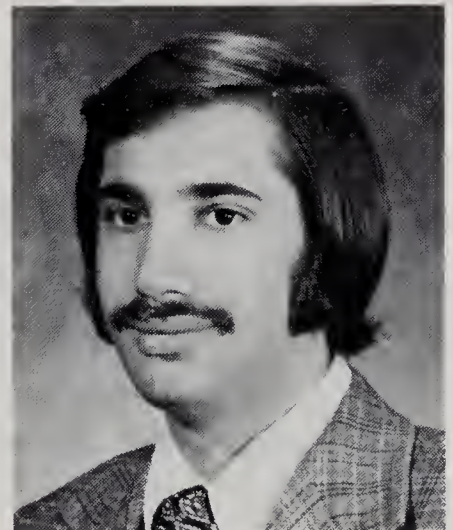

Don attended the sale of the Gibson and Beck collections of Pioneer & Territorial Gold to see if any specimens could be acquired that would improve the Clifford-Kagin collection. The number of bidders and new record prices set reflected the current strong interest in this series.

There are a number of choice coins and currency in this sale which should attract the attention of the advanced collector as well as the "type" collector. While the market has slowed down the precipitous rise in values taking place in 1974, the number of want lists on hand reflects the current strong demand for the rare and choice specimen. We believe further advances in prices will take place in this category, particularly as the year progresses. Last year, the spectacular advances in May sparked the phenomenal market through the fall season. Most predictions we see state that inflation will resurge this summer or fall and will be reflected in coin values.

454. 1794 FLOWING HAIR, 15 STARS, about Very Fine (uneven wear), pleasing patina. Worth close to V.F. catalog of 750.00.
455. 1795 Very Fine appearing but close examination reveals tiny clever repair in field. Catalogs V.F. \$625; this worth proportionately.
456. 1796 SMALL EAGLE, "LIKERTY" variety, about Very Good (uneven wear) with sharp bust, LIKERTY, date; strong eagle and most of legend. Catalogs V.G. 350.00.

457. 1800 HERALDIC EAGLE, LIBERTY variety, virtually Uncirculated, barest friction, attractive golden patina. Rare early die state with only beginning weakness at right cloud and left corner of shield. Far superior to most seen over the years (most come with more pronounced weakness mentioned). Should bring fairly close to T-Q for Uncirculated of 3,750.00.

458. 1805 virtually Uncirculated, only barest friction, lustrous golden patina. Scott states "*Obverse almost always weakly struck. Unique in strictly unc., excessively rare in E.F., extremely rare in V.F.*" Seems to be the same die state as Hawn coin (Stack's Aug. 1973) described "Usual weakness of strike at the right border and edge of bust, and correspondingly on the reverse at the eagle's wing. All known specimens have these various areas of uneven strike". Probably "CONDITION-CENSUS"! Surely this remarkable specimen worth over \$3,000; possibly closer to 3,500.00.

TYPE I, FLOWING HAIR HALF DOLLARS

615. 1794 Overton 106 variety CLOSE DATE (most 1794's are wide date), Extremely Fine with pleasing bluish golden patina. RARITY 6 (only 13 to 30 known). Equal (if not actually superior) to Overton's plate coin but without the obverse die crack pictured there. From a 1972 sale at \$2,350.00. This rarity surely now worth substantially more.

616. 1795 Overton 105 with Re-engraved M in AMERICA, center fine to very fine with outer portion closer to Extremely Fine. RARITY 4. The commonest 1795 catalogs V.F.

1795 UNCIRCULATED HALF DOLLAR

617. 1795 Overton 110 (widely recut 9 at loop) **UNCIRCULATED GOLDEN WITH FULL LUSTER! SHARP STRUCK with DEEP, SHARP EDGE DENTICLES BOTH SIDES.** Rare earlier die state with stars much sharper than generally seen; forehead and top hair of crown sharper than generally seen although not full (sharper than on Overton's coin); eye and feathers of eagle's breast fairly sharp with only slight flattening at wing tips. **Surely a candidate for "FINEST KNOWN"**. From a 1972 sale at \$2,100.00. We have seen less desirable specimens of the "common" varieties at \$3,500 to \$4,500 although we do recall seeing one perhaps the equal of this (different variety) at \$7,500.00.

It will be interesting to see what this highly desirable specimen realizes in this era of "exceptional prices for exceptional coins".

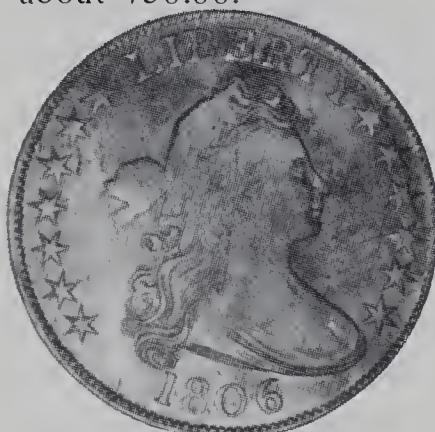

618. 1801 Overton 101 (die lump connecting ER). We believe this coin is "UNCIRCULATED" but close inspection reveals faint "cabinet friction" (an appropriate term used by older dealers to describe such coins which may have acquired faint rubbing from sliding in the old-time coin cabinets), lovely golden patina. Scott states "EXCESSIVELY RARE IN UNC." T-Q lists E.F. \$1,800 but does not attempt to value Unc. due to rarity. It does however value 1802 E.F. \$450 and Unc. \$3,800.00. Surely then this rarity worth at least double or 7,500.00.

619. 1803 Large 3, O-103 (13 arrows, Lg. Rev. Stars) Extremely Fine (as usual, rev. sharper than obv.). Rarity 3. The "commonest" variety catalogs \$350; surely this worth more.

620. 1805 OVER 4, O-101 (Close Date), weak second star (diagnostic for this variety), 13 arrows. RARITY 4. Superior to Overton Plate Coin! Scott states "Unverified in Unc." (not priced there above V.F.). Presumably "CONDITION-CENSUS" in this top grade Extremely Fine. Judging from what comparative coins bring, this rarity could realize close to four figures.
621. 1806 OVER 5, O-103 (diagnostic flat obverse stars), about Uncirculated with some luster. A difficult coin to obtain this nice as the least amount of friction downgrades this coin substantially (this variety does not come fully struck). T-Q E.F. \$300 & Unc. \$3,700; this worth about 750.00.

622. 1806 OVER 9 (inverted 6), O-112 (diagnostic shattered die with vertical & horizontal die cracks) very close to Uncirculated with almost full luster, shimmering golden patina. The reason for this VERY RARE (Rarity 6) "TYPE" & DIE is self evident in the failure of the hair knot and top back hair strands to be struck up when the die cracked. Only the barest trace of friction (what might appear as wear at first glance is actually due to die failure). Overton's plate coin was only fine! Surely a candidate for "FINEST KNOWN" (we have yet to see an "uncirculated" specimen). Scott states "Always flatly struck up" and does not value it above V.F. We believe any value given for "Unc." to be theoretical (T-Q "unc." \$3,700). If this were in our regular stock, its price would be 2,500.00.

623. 1807 O-105, about Uncirculated, quite sharp with luster, glittering blue patina. T-Q in E.F. \$300 & Unc. \$4,000; this worth close to 1,000.00.

CAPPED BUST HALVES

624. 1807 Small Stars (O-113) about Uncirculated with considerable luster (much of the weakness in center due to characteristic die failure). Scott states "Always weakly struck at centers: many, many times rarer than Large Stars". T-Q in E.F. \$140 & Unc. \$750; this worth about 300.00.
625. 1811 (18.11), Actually 1811/10 but later die state without trace of "O" and no milling around edge. Very Fine. T-Q 87.50.
626. 1821 Glittering blue and golden Uncirculated, Full Beading around both sides. T-Q \$425 but we have seen comparable specimens of this type at \$650 to 750.00.

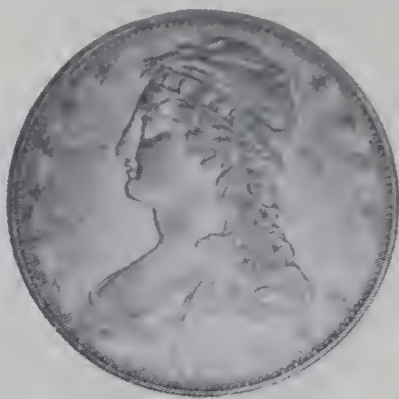

627. 1826 Brilliant golden Uncirculated, Sharp Struck, **CHOICE!** O-110 but cracked die as in O-113. **RARITY 3.** Worth about double the T-Q price of \$400 for "common" (R-1) varieties or about 800.00.
628. 1829 Very Large Letters (**UNITEDSTATESOFAMERICA** one word) O-110 listed in Scott as separate "type", very close to Uncirculated, only slight friction, pleasing patina. Rarity 3. 150.00
629. 1830 Glittering golden Uncirculated, Sharp Struck with Full Stars, resembles O-110 except A's do not match description. Lovely specimen worth 600.00.

630. 1835 OVER 4?, Overton 107 ("This might be an 1835 over 4"). Scott does list it as 1835 Over 4. **GLITTERING BLUISH GOLDEN UNCIRCULATED GEM!**

EARLY SILVER DOLLARS

702. 1795 FLOWING HAIR, B-1 variety with 2 leaves under wing, **glittering prooflike iridescent About Uncirculated with only slight friction on highest points.** A lovely specimen with identifying minute planchet chip on reverse. The demand for this short-lived type (consisting only of the rare 1794 and those struck early in 1795 – type changed later in 1795) has advanced it to ever new record prices. A recent price list of Bowers & Ruddy Galleries contains a “prooflike BU, minor cabinet friction \$14,950” specimen; also a “sharp struck AU \$7,950.00.” We believe this specimen ranks somewhere between the above two in quality. Value?

703. 1795 DRAPED BUST, 15 STARS (states), SMALL EAGLE B-15 variety with scarcer centered bust, a top-grade Extremely Fine with only nominal wear, attractive bluish patina. Same B-R Galleries price list has a “sharp EF plus \$1995.00”. Present value?

704. 1797 SMALL EAGLE, 9X7 STARS (Tenn. 16th state) B-1 variety with Large Letters. Bust Very Fine but balance of obverse and reverse Extremely Fine. B-R price list has "VF \$750; EF-AU 2495.00." This one worth somewhere between the two.

1797 UNCIRCULATED DOLLAR

705. 1797 16 STARS (Tenn. became state in 1796) placed 10X6, UNCIRCULATED WITH ATTRACTIVE PATINA, close inspection reveals faint cabinet friction on high point of bust's shoulder and feathers of eagle's breast & thigh. In old-time cardboard coin-box marked "R-5 1-A B-3". ONLY 2493 STRUCK compared to 4941 struck of B-1 variety (9X7 stars) making it a VERY RARE MAJOR VARIETY of the RAREST DATE DOLLAR 1795 THRU 1803! The B-R list had several specimens of the 9X7 stars variety but none of the rarer 10X6 stars. T-Q has Unc. at \$12,500 (also the same for 9X7 stars) which we believe to be theoretical. One of the most undervalued of the early dollars.

706. 1798 LARGE HERALDIC EAGLE, B-21 variety with 10 Arrows (Rare), about Uncirculated, quite sharp with some luster. B-R Galleries price list has "1798 sharp AU \$1650.00"; surely this much rarer variety worth more.

707. 1799 Irregular Date, 15 STAR Rev., Extremely Fine, tiny edge nick, many interesting die breaks. Among the Rarest Of The Major 1799 varieties listed in the Guidebook and greatly undervalued. T-Q values the commonest 1799 in E.F. at \$750; this rarity worth closer to 1,250.00.

708. 1799 8X5 STARS, B-23 variety (only one with 8X5 stars) **Extremely Fine & Sharp** but close inspection reveals that it may have been cleaned some years ago but now has a deep blue patina. **VERY RARE MAJOR VARIETY** (Bolender states Rarity 5) worth much more than the commonest 1799 valued in T-Q in E.F. at \$750; well worth over 1,000.00.

709. 1803 Large 3, close to Uncirculated with only slight wear on central hair and high point of shoulder. The reverse is even sharper with only faint friction on highest points. Comparable to specimens we have seen at \$1,500 to 2,000.00.

LIBERTY SEATED SILVER DOLLARS

710. 1840 borderline Uncirculated with just the barest trace of friction, almost complete luster, some prooflike surface. **Scarce.** Trends Unc. \$800; this worth fairly close.

711. 1842 Glittering bluish Uncirculated with **PROOFLIKE** surface. In strong demand. We note a similar one at 1,500.00.
712. 1845 about Uncirculated, some luster. **SCARCE.** Trends Unc. \$750; this worth 300.00.
713. 1846 about Uncirculated, some luster. Trends Unc. \$600; this worth 250.00.
714. 1846-O about Uncirculated, quite sharp with considerable luster. **SCARCE.** Bowers & Ruddy Galleries price list has "BU, rub \$475.00"; this choice one worth?

715. 1846 OVER "44" (or Re-Engraved Date), GLITTERING IRIDESCENT WIRE EDGE PROOF, minute contact mark visible when closely examined. Listed in the 18th edition of the Standard Catalogue of U.S. Coins (Wayte Raymond) as "1846 Over 44" (the only listed overdate dollar in the series). **IT WAS ONLY STRUCK IN PROOF!** Other specialists call it a reengraved date. **EXCESSIVELY RARE!** Only 6 or 7 said to be known! We were fortunate to have a choicer specimen in our outstanding November, 1973 sale (the largest sale in numismatic history at the time) which realized \$27,000.00. It will be interesting to see what this specimen now brings.

716. 1847 Uncirculated with deep blue glittering patina, usual faint bag-marks visible when closely examined. Trends 600.00.
717. 1849 Uncirculated with deep iridescent patina. **SCARCE.** Trends 825.00.
718. 1850 about Uncirculated, quite sharp with luster. **Only 7,500 struck.** Undervalued in keeping with its rarity. B-R price list has "Tiny mintage. BU, rub, somewhat prooflike \$595.00". This now worth?

719. 1853 Uncirculated golden, Sharp Struck with partial Wire Edge. **SCARCE DATE.** Most were melted as silver worth more than face value. 1,000.00
720. 1856 about Uncirculated, quite sharp with blue patina. Scarce. B-R price list has "Scarce. BU, bagmarks \$695.00". This worth proportionately.

721. 1859 Prooflike with lovely iridescent patina, sharply struck except for Liberty's head (which distinguishes it from a true proof). Note a similar specimen at 1,000.00.

722. 1859-O about Uncirculated, quite sharp with much luster. B-R price list has "BU \$650.00"; this worth proportionately.

723. 1859-S Uncirculated with usual "bag-marks", attractive deep blue patina. First year dollars from "S" mint. SCARCE. Easily worth 1,000.00.

724. 1860 BRILLIANT GOLDEN SHARP STRUCK PROOF! Lovely specimen for "no motto" type. Comparable to one recently noted at 2,000.00.

725. 1860-O Brilliant golden Uncirculated SHARP STRUCK GEM! PRISTINE! One of the most difficult "type" coins to find in this remarkable state of preservation. Regardless of the price paid, we cannot see how this specimen can keep from increasing in value.

726. 1864 Uncirculated with bluish golden patina. Low coinage. Undervalued at trends of 600.00.

727. 1866 WITH MOTTO, Exquisite iridescent "MINT STATE 70" WIRE EDGE GEM! An equal specimen may exist, but certainly no superior one! In this era of "Exceptional prices for exceptional coins" it is difficult to evaluate what this remarkable coin might bring. *[photograph at bottom of page 46]*

728. 1870-CC virtually Uncirculated, barest friction, lovely patina. First year "CC" (Carson City) Mint. Popular. Small coinage. Note comparable one at 695.00.

729. 1871-CC Extremely Fine with some luster. ONLY 1376 STRUCK WELL OVER A CENTURY AGO! Surely this rarity worth at least 2,000.00.

730. 1872-CC about Uncirculated, quite sharp with considerable luster. ONLY 3150 STRUCK! The T-Q price of \$3,200 for Unc. is reflective of the strong demand for higher grade specimens. This one probably worth close to half.

731. 1873-CC Very Fine obverse except LIBERTY a bit weak, Extremely Fine reverse. RARE. Seldom offered in any condition. Acquired last year at \$1,500; present value?

PROOF MORGAN SILVER DOLLARS, ETC.

732. 1881 Proof with Wire Edge, iridescent luster. T-Q 550.00.

733. 1884 BRILLIANT GOLDEN GEM PROOF! PRISTINE! B-R price list has "choice" at \$650; surely this "pristine gem" worth somewhat more.
734. 1892 BRILLIANT TWO-TONE WIRE EDGE GEM PROOF!
735. 1886-S virtually Uncirculated, barest friction. Low Coinage.

TRADE DOLLARS

736. 1873 BRILLIANT WIRE EDGE PROOF. Much scarcer than mintage indicates as quite a number were "spent". In fact, among the scarcest of all trade dollars in proof. Much too low in trends at only 1,275.00.
737. 1873-S Uncirculated, lustrous golden patina, faint rub. Trends Unc. 350.00.

738. 1874 BRILLIANT WIRE EDGE PROOF, CHOICE! Trends \$1,250 for ordinary proofs; surely this premium specimen worth over 1,500.00.
739. 1874-CC Uncirculated golden gray, Sharp Struck with Wire Edge, very few of the usual bag-marks. Rare so choice. Trends \$500 but this premium specimen worth somewhat more.
740. 1875-S about Uncirculated, usual incomplete head. 150.00
741. 1875-CC Uncirculated golden, usual bag-marked specimen. Trends 550.00.
742. 1875-S OVER CC, Uncirculated golden, faint rub visible when closely inspected. RARE. T-Q in E.F. at \$500 & Unc. \$1,500; this worth 1,000.00.

743. 1877-S virtually Uncirculated, barest friction, golden patina. 200.00
744. 1877-CC virtually Uncirculated, barest friction, golden patina. SCARCE. Trends Unc. \$750; this worth about half.
745. 1878-S very close to Uncirculated, barest friction, much luster. 200.00

746. 1879 EXQUISITE GLITTERING GOLDEN BLuish WIRE EDGE GEM! Quite difficult to acquire so choice. Acquired a year ago as "MINT STATE 70" at \$1,000; the market has since more than doubled.

747. 1880 Proof with deep bluish golden patina, close inspection reveals some minute imperfections. In strong demand as a "proof only" date.

767. 1853 virtually Uncirculated with nice patina, light scratches in field.
768. 1853 about Uncirculated with traces of luster, pinpoint nick reverse.
769. 1853-O Brilliant Uncirculated, **CHOICE!** Scarce thus. Popular "O" mint. Trends \$425 (average); surely this choice one worth more.

770. 1854-S Uncirculated with orange tint, Sharp Struck! Only "S" mint Type I dollar. Rare and popular. Trends \$1,100 but note "gem" at \$2,500.00; this worth?

771. 1854 TYPE II, Brilliant Uncirculated, **CHOICE!** Variety with clashed dies and typical light struck "8" (but sharper than most with 8 visible although weak). **FAR SUPERIOR TO MOST SEEN!** Rare thus. Trends \$2,750 but this superior specimen worth over 3,500.00.

772. 1854 Type II, Extremely Fine as to wear, but a few scratches obverse. Scarce.
773. 1855 Type II, Very Fine.

774. 1855-O virtually Uncirculated, Brilliant with almost full luster, only barest friction on top hair strand, rare early die state with **FULL "8" VISIBLE!** Superior to a specimen in our Jan. 4th sale which fetched \$2,600.00. Breen states in "Major Varieties of U.S. Gold Dollars", "Almost always with weak 8". Possibly "Condition-Census" (top 6 coins) as claimed. Certainly **"VERY RARE"** thus. Easily worth 3,500.00.

1856-S UNCIRCULATED GOLD DOLLAR

775. 1856-S **BRILLIANT UNCIRCULATED WITH FULL LUSTER!** Only "S" mint Type II gold dollar. Superior to most strikes with "8" visible although weak. **EXCESSIVELY RARE IN UNCIRCULATED!** The \$3,500 price in T-Q is probably "theoretical" as we cannot find any record sufficiently recent to be meaningful. This remarkable specimen worth upwards of \$5,000; perhaps over 6,000.00.

776. 1857 Type III, Uncirculated with some patina. T-Q 300.00.

777. 1857-D Uncirculated with Full Luster! **VERY RARE SO CHOICE!** The \$2,500 price in T-Q is probably "theoretical" as we cannot find a recent record for a comparable specimen. In this remarkable state of preservation, it is easily worth 4,000.00.

778. 1857-S Extremely Fine. Trends 400.00.

779. 1858-D Extremely Fine. **RARE.** T-Q \$1,500 but note similar specimen at last year's A.N.A. at 1,950.00.

784. 1860-D Lot 46 of the Wolfson Sale (Stack's Oct. 62) described therein:

"Brilliant about Uncirculated, showing only the slightest degree of wear. **UNUSUALLY BOLD IMPRESSION FOR THIS DATE AND MINT.** Although the 6 in the date is weak, as on all, it is a beautiful piece, nicely struck and very rare. The 1860-D ranks as the **SECOND RAREST DATE AND MINT IN THE ENTIRE SERIES**, exceeded only by the 1861-D."

It is indeed a lovely and choice specimen, and in our opinion, superior to the "Uncirculated" coin offered last year at \$12,000.00. One of the most popular series in our recent sale was gold dollars. It will be interesting to see what the strong demand is reflected to in the bidding.

785. 1860-S about Uncirculated with some luster. **Scarce.** Trends Unc. \$800; this worth about 550.00.

786. 1868 Uncirculated with some patina. **SCARCE.** Trends 725.00.
